COPPER PRICE

The price of copper, according to the Engineering and Mining Journal for the week ending March 31, 18.675; for month of March, 18.331.

PRICE FIVE CENTS

GERMANS SEND TROOPS AGAINST BOLSHEVIK BANDS

Committee Approves Soldier Relief

WILL RECOMMEND MONEY BONUS OR VOCATIONAL TRAINING OF VETERANS

Money to Be Raised by Tax On Sales of Luxuries Over Nation

LEADERS OF SENATE FAVOR LEGISLATION

Bill to Be Before Congress Before Recess for Party Conventions

WASHINGTON, April 2. — Soldier relief legislation with probable provision for a cash bonus, funds for which would be raised by sales of luxuries taxes, was approved today by the house ways and means committee by a vote of 15 to 6.

Details of the bill to be recommended will be worked out by subcommittees to be appointed Monday. Members of the committee hope to obtain final action by the house before the contemplated recess for the national political conventions but they expressed doubt when action by the senate could be had at this session.

Senate Will Act

Senator Lodge of Massachusetts, Republican leader, after a conference today with other senate Republicans as to future legislation in the senate, said he thought this would include a bill to give a money bonus to former service men with provisions for a special tax to raise the necessary funds. The program approved by the house committee declares against bond issues. It is understood to have been submitted to Representative Longworth, Republican, Ohio, and was discussed at great length in executive session.

May Be Alternative

While the exact form of the legislation was not decided upon committee discussion was said to have indicated approval of a plan of extending vocational education as an alternative to the cash bonus. These two plans are a part of the American Legion's program. Its other selected plan of government aid to soldiers and sailors for building homes or obtaining ownership of farms were said by some members of the committee to involve too many difficulties to be worked out by legislation before the recess.

Spokesmen for the committee said it was planned to have the final draft on the legislation ready for submission to the house within a fortnight. It was said that there had been no decision as to whether the bonus would be paid in a lump sum or be graduated according to the length of service of each individual.

The program is understood to have the approval of the Republican leaders of the house, assuring early consideration for it.

Tennessee City Is In Path of Flood

CHATTANOOGA, Tenn., April 2. — With a 47-foot stage of the Tennessee river predicted by Sunday night and many low section already under water, city officials moved today to furnish relief to flood sufferers. Residents in threatened territory were warned to move out and public gatherings were set apart to house the homeless. Railroads and street car traffic is demoralized.

STOCKHOLM, April 2. — M. Krassin, Bolshevik minister of trade and commerce, has arrived here with a commercial delegation. He said Russia was willing to pay in gold for immediate deliveries of locomotives from Sweden.

DRAW PLAN TO SUIT ALL CONNECTED WITH INDUSTRIAL PLANTS

CLEVELAND, April 2. — In an effort to devise a method of wage payment which will satisfy workers, owners, managers and consumers, a firm of New York industrial engineers, employed by unionized employees and associated employers in the Cleveland women's garment industry, today announced a set of ten principles of wage payment.

These principles are based upon the industrial experts' definition of wages as a share in the fruits of industry and not a payment made by employers.

WOOTTON CASE AT TOMBSTONE OPENS MONDAY

Jury Goes on Picnic in the Mountains and Court Is Deserted

(Special to the Review)

TOMBSTONE, April 2. — Because of the Easter adjournment, which began yesterday afternoon, all activities in connection with the trial of H. E. Wootton, first of 209 defendants to come before the superior court here on charges of participation in the I. W. W. deportations at Bisbee on July 12, 1917, have ceased until the convening of court on Monday morning.

Judge Samuel L. Pattee, who is presiding over the trials, has returned to Tucson for the Easter season, and the attorneys who are engaged on the side either of the state or the prosecution and who may have homes in other localities have also left the county seat. W. H. Burges, chief counsel for the defense, has gone to El Paso and Frank E. Curley, assistant chief counsel, is in Tucson.

The members of the jury varied today the monotony of their duties by going on a picnic in the mountains. Many of the witnesses who have been living here have also taken the opportunity to get away for a while, so that Tombstone, which has been a bustling little town since the opening of the trials, is more quiet than has been the case during any other adjournments of court. On Monday morning, however, what is expected to be one of the most interesting weeks in the course of the deportation trials will begin with a continued examination of witnesses for the defense.

GOVERNOR TO TESTIFY

PHOENIX, April 2. — Although it had been stated earlier in the day that Governor Thomas E. Campbell of Arizona would not appear in court in Tombstone next Monday as a witness for the state in the case of Harry Wootton, charged with kidnapping in connection with the Bisbee deportations, the governor's private secretary, P. R. Milnes, announced tonight the governor would return Sunday from the League of the Southwest convention at Los Angeles and testify as soon thereafter as called upon.

VESSELS ICE-BOUND

LUDINGTON, Mich., April 2. — Six lake vessels are imprisoned tonight in one of the largest ice packs of the winter, just off this port.

STRIKERS BREAK UP MEETING OF WORKERS IN CHICAGO

Switchmen Disregard Board Appointed to Settle Wages And Walk Out

THREE THOUSAND IN "SYMPATHY" STRIKE

Virginia Workers Refuse to Repair Cars Till Two Men Are Discharged

CHICAGO, April 2. — A meeting of "loyal" members of the Brotherhood of Railway Trainmen, called today by A. F. Whitney, vice-president of the organization, was broken up by striking switchmen, whose walkout last night crippled freight service on the Chicago, Milwaukee and St. Paul railroad.

H. P. Gallagher, chairman of the brotherhood, was ejected. Mr. Whitney urged the strike was unauthorized and urged the men to return to work. Demands for one dollar an hour for foremen, 95 cents for switchmen, time and one-half for overtime and double time after eight hours overtime were made by the 650 striking switchmen. The strikers asserted they resigned individually.

The strike has not affected passenger service, railroad officials said. Trains continued in operation with regular crews. Company officials said they had received no official notification that the trainmen would refuse to make further trips on the ground that unsafe conditions prevailed as the result of the strike.

Three hundred yardmen employed by the Chicago Junction railroad joined the walkout late tonight. Company officials announced that enough men remained to keep traffic moving. The road connects all trunk lines, boats and lake carriers entering Chicago.

Chicago and Northwestern officials said that about 25 switchmen employed in its yards had joined the strike.

3000 SHOPMEN OUT

COLUMBUS, O., April 2. — Nearly 3000 shopmen employed by the Norfolk and Western at the local terminal and at Portsmouth struck today in sympathy with the Brotherhood of Railroad Clerks who went out March 22. Union officials predict a complete tie.

(CONTINUED ON PAGE TWO)

EXPECT ACTION ON MEASURE TO DECLARE PEACE

WASHINGTON, April 2. — Prompt adoption by the senate of the house resolution declaring the state of war with Germany at an end is expected by Republican leaders. They had a conference today to discuss future legislation at this session and Senator Lodge of Massachusetts said late today that he did not anticipate any great delay in the senate.

Mr. Lodge said early action on a brief vacation, said the whole controversy "had been thrashed out pretty thoroughly," and that he believed the house resolution would be adopted, probably with the united Republican support and general opposition by the Democrats.

The leaders decided at the conference that army reorganization legislation would be the next measure taken up by the senate. They expect to dispose of it by the time the house has acted on the peace resolution. It will be followed by the house bill to increase dyestuffs tariffs.

Mr. Lodge said early action on the Anglo-American-French treaty was not expected and until the treaty of Versailles had been disposed of its consideration was improbable.

A recess of congress over the convention period, Mr. Lodge said, was probable. Congress hardly can complete its work by June 1, he added, and would have considerable work to do after the conventions.

FORMER PRESIDENT OF URUGUAY KILLS EDITOR IN DUEL

MONTEVIDEO, Uruguay, April 2. — Washington Beltran, editor of the newspaper El Pais, was shot and killed in a duel today by Jose Batlle Y Ordonez, former president of Uruguay.

The duel took place with the usual formalities, and with seconds and surgeons in attendance. The weapons used were pistols. Beltran was shot in the breast and died soon afterwards.

The morning newspapers today printed announcements of the impending duel. They said that former president Batlle had sent his seconds to Beltran, challenging the journalist because of statements published in the paper, which Batlle considered offensive. Beltran was a leader of the party opposed to the "Batillistas."

Batlle twice had been president of Uruguay. His last term was from 1906 to 1910.

NATIONAL DEBT IS REDUCED BY \$705,680,000

Entire Amount Owed by the United States Given As \$24,698,000,000

WASHINGTON, April 2. — A reduction of \$705,680,000 in the national debt more than double the amount by which the debt was lowered during any previous month was accomplished during March, the treasury reported tonight. The national debt now stands at \$24,698,000,000.

Officials said this record could not be used as a basis for forecasting further monthly reductions. They regarded it, however, as "sound evidence" of the success of the treasury program for financing the post-war period when government expenditures still continue to run high.

March payments on the public debt were confined almost wholly to retirement of certificates of indebtedness issued in anticipation of income and profit taxes.

As the public debt now stands it is made up of \$15,616,800,000, comprising the four issues of Liberty bonds; \$4,422,700,000 of Victory short term notes; \$2,667,200,000 in treasury certificates; \$2,870,000,000 in war saving certificates and approximately \$1,000,000,000 in bonds issued prior to the world war.

The greatest item among these old bonds is the issue of consols of 1930 which aggregates \$600,000,000.

POLES REJECT SOVIET PEACE

Proposals of Reds for Stay Of Hostilities on Line Is Refused

WARSAW, April 2. — The Polish government has rejected a counter proposal by the Russian soviet government for an armistice along the entire battle front during the proposed peace negotiations between Poland and Soviet Russia. It was in their note rejecting the armistice proposal that the Poles also opposed the holding of the peace conference in Estonia, as had been proposed by the Bolsheviks in answer to the acceptance of peace proposals. The Poles suggested Borosov as the seat for the negotiations.

GERMAN STARTS TRADE

BERLIN, April 2. — Germany, during February exported to the United States commodities to the value of \$2,881,660. Her imports from that country during the same period, comprising mostly food stuffs and a small amount of raw materials, totaled \$18,598,000.

SONORA TROOPS MOBILIZE TO HOLD STATE BORDER

Civil War Between Obregon And Carranza Forces Is Imminent

TRAVELERS REPORT FEDERAL MASSING

Calles Accuses President of Attempt to Depose Governor de la Huerta

NOGALES, April 3, 2 a. m. — Americans arriving on the night train from Hermosillo, Mazatlan, Guaymas and west coast points report thousands of soldiers mobilizing along the Southern Pacific de Mexico, and the belief prevails that a large military movement is about to be launched. These reports caused the most grave apprehension across the line in Nogales, Sonora, as they apparently confirm General Calles' statement that General Dieguez is planning to invade Sonora and depose Governor de la Huerta.

Civil War Imminent

The situation in Sonora as regards revolution possibilities is regarded as extremely critical by Mexican Consul Tamez here.

Consul Tamez, however, expressed the hope that drastic measures will not be necessary to prevent military despotism in the state, as predicted by former governor P. Elias Calles.

General Calles, who is in Nogales, Sonora, where he intends to make his permanent headquarters while directing General Obregon's campaign for the presidency, today reiterated charges that President Carranza, through General M. M. Dieguez, is plotting to take Sonora and depose Governor de la Huerta. Telegrams between Obregon and Carranza yesterday contained no intimation of any threat to arrest Obregon at Tampico.

Gold Shipped Out

It was learned today through official sources that within the last few days \$70,000 gold has been removed from the custom house at Nogales, Sonora, and shipped to the Mexican government fiscal agency in New York. The shipment was made by order of Urio Uribe, recently appointed customs agent, who announces that further and larger shipments are to be made next week.

SOVIET TRADE ENVOYS COMING ACROSS OCEAN

COPENHAGEN, April 2. — A Russian trade commission headed by M. Negin, minister of commerce in the Lenin cabinet and M. Rosovski, accompanied by 24 experts in trade and engineering arrived here from Moscow this morning. M. Negin said that after a short stay in Denmark it was the intention of the commission to proceed to London and perhaps to the United States.

It was the desire of the commission, M. Negin said, to get in touch with merchants and manufacturers in allied countries and start trade between them and Russia, as soon as possible. "Ships already are leading at Petrograd with flax, hemp, bristles and other commodities," said M. Negin, "and will sail as soon as the ice breaks. But our main raw materials, including grain, can not be exported until we have an improved transportation system."

"We purpose to buy locomotives and rolling stock, paying for them to some extent in gold."

M. Negin said there were many millions of pounds of grain in Russia but that the peasants demanded in return for it goods and agricultural implements. He declared that the delegation contemplates offering concessions to foreigners for the establishment of factories in the mining regions of the Ural and Altai districts and likewise to offer timber concessions, particularly in north Russia.

RED FORCES LOOT TOWNS AND BLOW UP MINES IN DEFIANCE OF AGREEMENT

THREE THOUSAND OF CHILDREN SENT TO GERMANY ARE LOST

NEW YORK, April 2. — From 1000 to 1200 Armenian children and collegians sent to Germany during the war to work in mines and factories, and 1500 to 2000 sent by the Turkish ministry of public instruction to study, cannot be found, according to information received by the Near East Relief here from its representative in Constantinople.

Radicals Demand a Soviet Government in Ruhr Coal District

MILLERAND ORDERS TROOPS BE HALTED

Communists Lose Control of Armed Men Who Loot Trains for Food

BERLIN, April 2. — The German government has announced in a communication to the press that it has resolved to dispatch troops to the Ruhr region as soon as the entente consents to such a move. The decision was reached after a three-hour cabinet meeting today.

The statement declared that this action was inevitable in view of the unchecked lawlessness in the region about Essen, Dortmund, Duisberg and Mulheim, which, it is asserted, has now assumed such proportions that the local authorities and the labor leaders admit that they no longer are able to protect the civilian population.

The chancellor said he had received urgent reports from Essen, where terrorist bands were looting food trains for supplies. The looting brigades the chancellor said, had been disavowed by all parties, even the Communists and the Independent Socialists, in the Ruhr district.

If the entente agreed to the entry of troops, the chancellor continued, they would act purely in a police capacity under the authority of Prussian minister of the interior, Severing. The Red army's terms are reported to amount to a demand for the complete recognition of the soviet principle.

TROOPS OUT OF HAND

LONDON, April 2. — A dispatch to the daily Mail from Dusseldorf dated Friday, says:

"The government troops, disregarding the Minister's arrangement, are advancing rapidly. They have beaten back the Red troops from Wesel southward, and captured Hamborn. They are expected here tomorrow."

"The Red troops are hanging in their arms all over the Ruhr district, according to agreement. The Essen Red council has telephoned Berlin concerning the advance of the troops. The government replied that the troops were out of hand. Two coal mines are reported already to have been destroyed."

FRENCH STOP ADVANCE

PARIS, April 2. — Dr. Von Mayer, German chargé d' affaires, visited Premier Millerand again today repeated his former request for authorization for the entry of German troops into the Ruhr region. He informed the premier that some contingents of the reichswehr entered the neutral zone Thursday, north of the line of Wesel-Dulmen. Dr. Von Mayer explained this was done without authorization of the government on the order of Commissioner Severing and under the same misapprehension as had caused Chancellor Mueller to believe the French government had authorized the occupation of the Ruhr district.

The charge d' affaires added that the Berlin government had ordered the troops not to continue their march forward and said they would be maintained at the same place they now are.

Hundred Congressmen to Make Trip to Philippines, Japan and China July 5 to Make Study of Filipinos and the Orient

WASHINGTON, April 21. — More than a hundred members of the house plan to leave San Francisco July 5 aboard the transport Mount Vernon for a two-month's trip to the Orient. The itinerary will include Hawaii, the Philippine islands, China and Japan.

The growing importance of legislative questions involving the Pacific, those contemplating the trip said today, necessitates first hand information. The matters to be studied include the request of Hawaii for statehood, the movement in the Philippines for independence and Chinese and Japanese immigration. The party will go overland to San Francisco and returning will visit Los Angeles and other

Democratic house members announced today that they planned a trip from New York to San Francisco by way of the Panama Canal. They plan to study conditions in the Canal zone and arrive in San Francisco in time for the Democratic national convention.
